***Allowable Subject Matter***

1. Claims 1-9 are allowed.

***Conclusion***

2. This application is in condition for allowance except for the following formal matters:

***Drawings***

3. The drawings are objected to because they do not illustrate details as described in the specification (i.e. fail to illustrate text labeling) for Figure 1, items 13, 25, 28, and 33; Figure 2, items 25, 28, and 33; Figure 3, items 25, 28, 33, 34, and 37.

Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement-drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will

be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

*Claim Objections*

4. Claim 9 is objected to because of the following informalities: Insert the word – audible—between the words “an” and “alarm” on page 7, line 5. Appropriate correction is required.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
